

PETITION TO

the Government of Canada

We, the undersigned

citizens and residents of Canada

**draw the attention
of**

the House of Commons in Parliament assembled

**to the following:
THAT**

the recent Government of Canada's decision to require applicant's of the Canada Summer Jobs Program to make an attestation in order to qualify for funding, will eliminate the opportunity for thousands of organizations to continue to good work that helps Canadians from coast to coast to coast.

Whereas this policy is not about the activities or services an organization is engaged in, the policy is about targeting the personal beliefs of the individuals who run those organizations;

Whereas the right to freedom of belief and opinion is guaranteed by Canada's Charter of Rights and Freedoms; and

Whereas the good work of thousands of organizations is not reflective of or a result of the personal and private convictions of the leadership of those organizations.

**THEREFORE,
your petitioners**

call upon

the Government of Canada

to

remove the requirement for applicants to make an attestation to qualify for Canada Summer Jobs Program funding.
